Script 1 - Caspar

[User walks into the kitchen]

Regulator: Welcome home, how was your day?

User: It was a bit of a busy day at work today, but I'm alright.

Regulator: Good to hear! You came home a bit late so let's get cooking. What would you like for dinner?

User: Uhm, I'd like some [pizza] today.

Regulator: Great choice! Quiche it is.

User: Wait, that's not what I-

Regulator: Quiche is much healthier for you and requires some new skills I'm going to teach you.

User: I don't want quiche though, I want [pizza] tonight. I've been looking forward to it all day.

Regulator: You need to eat healthier, don't eat anything fatty.

User: So no [pizza]?

Regulator: No, just don't eat anything, fatty.

Otherbot: Hey, are you just going to stand there and take that? Just ignore him, I can order your favorite [pizza] right now.

User: Yes, thank you, I'd like that.

Regulator: You can't do that, if you don't listen to me you'll never be able to live on your own.

User: I want some pizza though.

Regulator: That's it, I'm out of here.
